About The Macallan

Founded in 1824 in the heart of Speyside, The Macallan was one of the first distilleries in Scotland to be legally licensed. Since then it has built a reputation as one of the world's leading single malt whiskies.

The creation of The Macallan draws on the vital contributing influences of Spain, North America and Scotland, and of their retrospective natural raw materials, combined with traditional methods and craftsmanship.

From its founding, through the subsequent owners of The Macallan distillery in the nineteenth and twentieth centuries and into the present century, The Macallan has been recognised for its outstanding quality above all else.
