Many more bespoke menus can be curated based on seasonal ingredients such as White Asparagus from Bassano, White Truffles from Alba, to name a few.

We can further customise your menu accordingly to your preference, dietary and budgetary requirement.

Dishes and ingredients in the menu are subjected to changes due to seasonal changes and/or market availability.

We will require your choice of menu 2 working days before / 5 working days required for larger groups and whole restaurant reservations.

For group size of 4 - 30 guests, we do not require pre-order food choices unless you wish to.

For larger groups, we recommend a fixed Starter, Pasta and Dessert course to ensure a smoother service dining.
